

Carer Recognition Legislation Consultation

Invitation: Have your Say

Carer Recognition legislation will provide formal acknowledgement of the thousands of carers in our community and promote and value the importance of their care relationships.

This legislation will support and recognise the over 80 000 Tasmanians who provide support to family members and friends as unpaid and informal carers.

We need your help to make sure this important legislation reflects the experience of Tasmania carers and makes a difference!

Meet with us to have your say
