Organisations and Projects Funded Under the 2010 Community Support Levy Tasmanian Health and Wellbeing Grants Program

The Tasmanian Health and Wellbeing Grants Program is funded by the Community Support Levy. The levy is derived from profits of gaming machines in hotels and clubs and held by Trust in the Department of Treasury and Finance. The Grants are administered through the Gambling Support Program within the Department of Health and Human Services.

Grants provide for innovative programs that address the causes of poorer health outcomes, social exclusion and unhealthy behaviours in the Tasmanian community.
